Administrative Officer : Mrs Tracy Barker

13th March 2020

Dear Parents

As part of our current response to the evolving Coronavirus situation we will be updating you on decisions and actions that affect our school.

Yesterday, as a pre-cautionary measure, we sent a member of staff home who displayed symptoms of a heavy cold but no cough, fever or shortness of breath. We are checking with that member of staff to ascertain how their symptoms develop or abate before allowing them back in school. This member of staff was sent home at the beginning of their shift and had not been in school since last Friday and had no contact with children.

Today, we were informed that a parent has been sent home from their place of work as their child is showing symptoms of Coronavirus. That parent took further advice from NHS111 and was told to self-isolate and to remove their other children from school to also self-isolate. The child has now been taken home to engage in a period of self-isolation.

Yours sincerely

Mr Andy Clarke
Headteacher
