Deputy Headteacher : Mr Warren Beadell
Administrative Officer : Mrs Tracy Barker

1st May 2020

Dear Parent/Carer

While school remains closed to the majority of children, we have been exploring a range of options for providing learning support and activities. The government are rapidly producing more and more guidance around this as well as giving suggested sources of educational content that we can access. As you can imagine, the range is vast and we are continually developing our home learning packs to ensure that children are given interesting and high quality learning experiences.

To access most of these resources, there is an assumption that homes have an internet enabled device such as a tablet or computer that can open Powerpoint, Publisher, PDF and Word documents and that there is a printer. We are also aware that families may have multiple children and parents who need to work from home all at the same time, sharing the same devices. If, for any reason, you do not have reasonable access to these could you please contact us on our school email at adminoffice@peelcommon-jun.hants.sch.uk so we can help to ensure that your children can still access the home learning provided.

Yours sincerely

Mr Andy Clarke
Headteacher
